Empowering skills. Building trust.

## In the News: Tergo Energy's GM Featured in The Guardian

It was a proud moment for us to see our Engr. Isioma Martins, General Manager of Tergo Energy (our Renewable Energy subsidiary), featured in The Guardian Weekend (May 17-18, 2025).

In her inspiring interview, Engr. Isioma shares her vision for positioning Tergo Energy as a key

PAGE | 30  
THE GUARDIAN WEEKEND, MAY 17-18, 2025

**My Aspiration Is To Grow Tergo Energy Into A Key Player In The Gas And Renewable Energy Sectors Of Nigeria – Isioma Martins, GM, Tergo Energy**

This firm today is a female-led, home-grown, engineering graduate of the University of Lagos, obtained a postgraduate degree in Environmental Management from Imperial College London, and currently focused on environmental engineering because of her passion for the environment. She has been providing energy to people since, in fact, she was born. In fact, her father founded a company in 2002 that has been involved in the provision of power and transport, generation and distribution of electricity to homes, offices, SMEs and individuals. She is also involved in the planning of charging infrastructure to support electric vehicle solutions.

Nowhere is the fact that the person who drives the affairs of

TERGO Energy Ltd is a subsidiary of Pan African Capital Holdings Limited, which is engaged in the upstreaming gas and renewable energy sectors of business on the wholesale and retail levels. The company has a portfolio of gas infrastructure for customers in the power and transport, generation and distribution of electricity to homes, offices, SMEs and individuals. It is also involved in the planning of charging infrastructure to support electric vehicle solutions.

Speaking about the person who drives the affairs of

According to her, one significant challenge she faced during her early years was the lack of access to information and resources, which limited her ability to succeed. Despite this, she remained determined and continued to work hard, even as she sought out opportunities to learn and grow.

Relating the incredible challenges she faced in her career, she noted that it was through her passion for engineering that she had the opportunity to give back to the community by empowering young people to pursue their dreams. She shared that my journey and experiences to date have been instrumental in inspiring the younger generation to pursue careers in engineering. The creation has been truly fulfilling and rewarding.

On her aspirations for Tergo Energy, she expressed a desire to grow the company into a key player within the gas and renewable energy sectors, making it become a leading provider of reliable and affordable energy solutions to its customers. She believes that the group's "My goals are to ensure that our diversified portfolio and solutions continue to meet the needs of our clients, while maintaining a strong reputation, enhancing our brand value, and increasing our market share and international presence within the organization," she offered.

player in Nigeria's gas and renewable energy space, her leadership journey, and her commitment to mentoring the next generation of engineers.

Tergo Energy is a subsidiary of PanAfrican Capital Holdings Limited that is committed to the utilization of natural gas and renewable energy. As a member of Nigerian Gas Association, we are determined in addressing Africa's energy challenge through the provision of clean and sustainable energy solutions.
